Dear Dr. Schluender,

Every year in preparation of the Annual meeting of the Medical Staff, we ask the clinical staff to nominate physicians in seven different categories. These categories recognize your clinical competence and your personal character. It is our pleasure to announce that you are the winner of the most "Attentive" award.

Please see enclosed nomination entry statement and congratulations on behalf of the Medical Executive Committee (MEC).

Sincerely,

A handwritten signature in cursive script that reads "Elizabeth Warren".
